TDX GRIP TECHNOLOGY

TDX Grip Technology delivers superior grip inside the shoe. The unique grip system with 49 silicone nubs ensures a secure hold while activating the foot's sensory zones to enhance foot awareness and control.

MORE GRIP.
BETTER CONTROL.
HIGHER PERFORMANCE.

TAPEDESIGN® TDX Grip Technology improves the foot-to-shoe connection, allowing faster reactions, more precise movements, and elevated performance in every situation.

EXTRA LIGHT

Ultra-lightweight, comfortable, and versatile: Our Superlight socks weigh only 26.5 g per sock and offer a perfect fit thanks to a specially engineered material structure, covering sizes 37 to 48. Ergonomically placed non-slip rubber grips ensure optimal hold inside the shoe, while the high-quality construction delivers maximum wearing comfort. Ideal for a wide range of sports, from football and tennis to volleyball.
